

Potomac Elementary School's SGA presents:

Watt's UP? 2019 Poster Contest!

Energy is one of the most important environmental issue of our time. All environmental issues are related to energy. This poster contest gives you the chance to show other MCPS students how to use less energy and make wise energy choices.

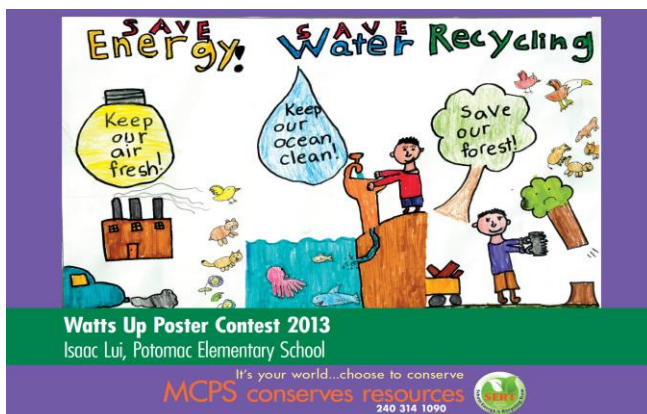

When we live responsibly, people around us will follow our example. Share your ideas to encourage others to reduce waste and increase recycling. Let's help make MCPS a greener place to learn.

RULES:

- Posters must encourage others to conserve energy and recycle responsibly.
- Only ONE entry per person.
- Must be a student's original work and may not contain any copyrighted elements.
- Posters must be between 8.5" x 11" and 18" x 24" in size.
- Creating a poster in different languages is encouraged! (Spanish, Chinese, French, Vietnamese, Korean and Amharic along with English are accepted)
- Posters are due to Mrs. Hazel (room 13) by Friday, March 8th! Late entries will NOT be accepted.

There will be an in-house selection held at PES the week of March 15th. One submission per grade category K-2 and 3-5 will be submitted to MCPS' SERT office, to then be entered in the MCPS countywide contest!

In 2013, Potomac's own Isaac Lui won 1st place in the MCPS countywide contest!

Will YOU be the next winner?
